

Forage Chopper

Scrambling machine 6 slasher + 3-scorresium 4 kilowatt electric power

Product code	221
Specification code	2214
Primary category	Cattle Farming Equipment
Secondary category	Cattle Feeding Equipment

This forage chopper is designed for feed handling and feeding management in livestock farms. Its practical structure is intended for reliable day-to-day operation.

Features

- Product type: forage chopper.
- Configuration: 4.
- Purpose-built structure for routine use as a forage chopper.
- Simple construction supports convenient installation, operation and maintenance.

Advantages

- Improves day-to-day operating efficiency.
- Reduces manual workload and repetitive handling.
- Simple maintenance helps lower routine service requirements.
- Stable construction supports reliable routine operation.
- Suitable for routine use in commercial and large-scale livestock operations.

Description

Suitable for feed handling and feeding management in pig farms, cattle farms, sheep farms. Install the unit securely according to the feeding-system layout and avoid overloading or blockage. Remove residual feed and inspect moving or connecting parts regularly to maintain stable operation. Final dimensions, configuration and operating limits should be confirmed against the actual ordered product.
