| Specification code | 2565                   |
| Primary category   | Pig Farming Equipment  |
| Secondary category | Pig Drinking Equipment |

This drinking-line part is designed for animal drinking-water management in pig farms. Its practical structure is intended for reliable day-to-day operation.

### Features

- Material: stainless steel.
- Corrosion-resistant construction is suited to humid livestock environments.
- Purpose-built structure for routine use as a drinking-line part.
- Simple construction supports convenient installation, operation and maintenance.

### Advantages

- Improves day-to-day operating efficiency.
- Simple maintenance helps lower routine service requirements.
- Helps reduce unnecessary material or resource waste.

### Description

Suitable for animal drinking-water management, water-supply management in pig farms. Confirm that pipe sizes, water supply and connections match the installation requirements. Check for leaks and proper flow after installation, and clean water-contact parts regularly to maintain hygienic and stable operation.
