

Cattle Endoscope

Cows with endoscopes.

Product code	467
Specification code	4671
Primary category	Cattle Farming Equipment
Secondary category	Cattle Farm Tools

This cattle endoscope is designed for routine use in cattle farms, ranches and livestock farms. Its practical structure is intended for reliable day-to-day operation.

Features

- Material: stainless steel.
- Portable construction makes transport and field use easier.
- Purpose-built structure for routine use as a cattle endoscope.
- Simple construction supports convenient installation, operation and maintenance.

Advantages

- Improves day-to-day operating efficiency.
- Reduces manual workload and repetitive handling.
- Supports efficient day-to-day livestock management.
- Practical construction simplifies routine operation and maintenance.

Description

Suitable for disinfection and hygiene management for cattle. Keep all product-contact parts clean and hygienic before use, and operate according to standard breeding or artificial-insemination procedures. Clean, disinfect or replace components as appropriate after use and store them in a clean, dry condition.
