

Cow nose ring

The carbon steel cow nose ring.

Product code	049
Specification code	04910
Primary category	Cattle Farming Equipment
Secondary category	Cattle Restraint and Handling Equipment

This cattle nose ring is designed for animal restraint and handling in cattle farms, ranches and livestock farms. Its practical structure is intended for reliable day-to-day operation.

Features

- Purpose-built structure for routine use as a cattle nose ring.
- Simple construction supports convenient installation, operation and maintenance.
- Designed for regular use in livestock-production environments.

Advantages

- Simple maintenance helps lower routine service requirements.
- Supports efficient day-to-day livestock management.
- Practical construction simplifies routine operation and maintenance.
- Suitable for regular use in commercial farm environments.

Description

Suitable for routine handling of cattle. Check the product, installation points and connecting components before use. Operate according to the selected model and farm procedure, clean the equipment regularly, and replace worn parts when necessary.
