

Cattle Lifting Frame

The solid and heavy cattle rise.

Product code	052
Specification code	0522
Primary category	Cattle Farming Equipment
Secondary category	Cattle Restraint and Handling Equipment

This cattle lifting frame is designed for routine use in cattle farms. Its practical structure is intended for reliable day-to-day operation.

Features

- Reinforced construction improves durability for routine farm use.
- Purpose-built structure for routine use as a cattle lifting frame.
- Simple construction supports convenient installation, operation and maintenance.
- Designed for regular use in livestock-production environments.

Advantages

- Stable construction supports reliable routine operation.
- Supports efficient day-to-day livestock management.
- Practical construction simplifies routine operation and maintenance.
- Suitable for regular use in commercial farm environments.

Description

Suitable for routine handling of cattle. Check the product, installation points and connecting components before use. Operate according to the selected model and farm procedure, clean the equipment regularly, and replace worn parts when necessary.
