

Spades

Green flat floor shovels

Product code	589
Specification code	7101
Primary category	Feeding and Drinking Systems
Secondary category	Feed Storage Equipment

This feed scoop is designed for feed handling and feeding management, short-distance farm transport and handling in pig farms, cattle farms, sheep farms. Its practical structure is intended for reliable day-to-day operation.

Features

- Color: green.
- Product type: feed scoop.
- Material: plastic.
- Large-capacity design supports longer operating intervals.

Advantages

- Improves day-to-day operating efficiency.
- Easy cleaning supports better hygiene management.
- Simple maintenance helps lower routine service requirements.
- Stable construction supports reliable routine operation.

Description

Suitable for feed handling and feeding management, short-distance farm transport and handling, cleaning and sanitation work in livestock farms. Install the unit securely according to the feeding-system layout and avoid overloading or blockage. Remove residual feed and inspect moving or connecting parts regularly to maintain stable operation. Final dimensions, configuration and operating limits should be confirmed against the actual ordered product.
