

Cattle Nose Piercing Needle

6mm bull nose needle + 5m rope

Product code	684
Specification code	04941
Primary category	Cattle Farming Equipment
Secondary category	Cattle Restraint and Handling Equipment

This cattle nose needle is designed for animal restraint and handling in cattle farms, ranches and livestock farms. It uses metal construction or components suited to routine farm use.

Features

- Material: metal.
- Purpose-built structure for routine use as a cattle nose needle.
- Simple construction supports convenient installation, operation and maintenance.
- Designed for regular use in livestock-production environments.

Advantages

- Improves day-to-day operating efficiency.
- Reduces manual workload and repetitive handling.
- Simple maintenance helps lower routine service requirements.

Description

Suitable for disinfection and hygiene management, animal restraint and handling for cattle. Inspect the tool and working surfaces before use and clean or disinfect them as appropriate. Operate with suitable restraint and trained handling practices, then clean, dry and store the tool after use.
