

Plastic Piglet Feeder

Red plastic pig patch.

Product code	834
Specification code	02318
Primary category	Pig Farming Equipment
Secondary category	Pig Feeding Equipment

This plastic piglet feeder is designed for livestock feeding management in nursery houses. It uses plastic construction or components suited to routine farm use.

Features

- Height: 7cm.
- Material: plastic.
- Purpose-built structure for routine use as a plastic piglet feeder.
- Simple construction supports convenient installation, operation and maintenance.

Advantages

- Improves day-to-day operating efficiency.
- Corrosion resistance supports long service in humid farm environments.
- Easy cleaning supports better hygiene management.

Description

Suitable for feed handling and feeding management in nursery houses. Install the unit securely according to the feeding-system layout and avoid overloading or blockage. Remove residual feed and inspect moving or connecting parts regularly to maintain stable operation.
