This cattle nose pliers is designed for animal restraint and handling in cattle farms, ranches and livestock farms. It uses stainless steel construction or components suited to routine farm use.

Características

- Material: stainless steel.
- Corrosion-resistant construction is suited to humid livestock environments.
- Purpose-built structure for routine use as a cattle nose pliers.
- Simple construction supports convenient installation, operation and maintenance.

Vantagens

- Improves day-to-day operating efficiency.
- Reduces manual workload and repetitive handling.
- Supports efficient day-to-day livestock management.
- Practical construction simplifies routine operation and maintenance.

Descrição

Suitable for disinfection and hygiene management, animal restraint and handling in cattle farms, ranches and livestock farms. Inspect the tool and working surfaces before use and clean or disinfect them as appropriate. Operate with suitable restraint and trained handling practices, then clean, dry and store the tool after use.
